Re: Parent Education Program

As you are aware, Hockey NL is mandating that a parent of all first year minor hockey players complete the Respect In Sport Parent program this coming year, with a parent for all players having to complete the program by next hockey season.

We believe that this is an important step in attempting to make the game better for all our players and ensuring that we are leaders in providing a positive experience for all stakeholders in our game. Our message is being heard and we want all of you to help promote this as well.

This on-line program takes about one hour to complete and can be done at your leisure. I think that all Minor Hockey Association Presidents and Hockey NL Board of Directors should take the time to complete this program to illustrate our leadership and also to get a better understanding of the message we want to promote for our organization when it comes to parents and their role.

I ask that you consider completing the course, and you may do so at the following link <https://hnlparent.respectgroupinc.com/secure/>

Thank you for your consideration and promoting a safe environment for our players.

Yours in Hockey,

Jack Lee
President, Hockey NL
